Exterior Protection

Paint Sealant

Not just a coating, but a high-tech formulation. Designed to permeate through the clear coat and paint. It prevents fading, discolouration and oxidation. Tree sap, bird droppings and acid rain are no longer a concern.

Electronic Rust Inhibitor

Powerful yet highly efficient. This 2nd generation rust inhibitor module has been rebuilt from the inside out to deliver the most powerful yet most efficient rust protection ever. It provides an optimum combination of voltage and frequency for maximum rust protection. It's so smart it monitors your battery for you too.

OR

Chip My Ride

Drive with Chip and see your vehicle from a whole new point of view. Take the mystery out of what's happening under the hood and truly get in the drivers seat of your vehicle.

Interior Protection

Fabric Protection

Created with the most advanced formulation on the market, it provides a superior barrier from all water-based fluids and stains. Our environmentally-friendly product penetrates and covers every single strand of fabric to give you the best coverage possible. Perfect protection against pets and young children.

Leather & Vinyl

Specifically formulated to lock in the natural oils to prevent not just wrinkling and cracking but also fading and discolouration from ozone, ultra violet rays and sun heat. Non-greasy and flat finish, it reduces glare on the dashboard and dust collection.

Gold Seal Coverage

No-inspection warranty for the interior and exterior protection matching term of contract.

* Available on vehicles up to 4 model years old with less than 150,000 km.
* All used chemical warranty exceptions and surcharges apply.
